Full Policy Text :

All filming on campus photo, video, or other media must be approved in advance by either the Office of Public Information and Publicity or the Office of Facilities Rental.

All filming must be conducted in a manner that does not disrupt the academic process, student life and other activities taking place at the University. A requestor may not control location, such as closing area, blocking pedestrian and vehicular traffic, enforcing quiet zone, etc. Film crews are expected to be courteous, respectful and follow all University policies and standards.

Requests must be given to the University in writing, at least 72 hours prior to the proposed date and time of entering the UT campus for filming. Exceptions may be granted by UT administration.

The media is not subject to the filming policy, but is strongly recommended to all requestors to coordinate with the Office of Public Information and Publicity prior to entering campus to coordinate logistical matters (parking, equipment, interviewing community members, etc.).

Filming may be approved in exterior public areas of campus. Any filming in a non-public area, such as a residence hall, faculty office or classroom, must be pre-approved by the Office of Public Information or Facilities Rental. Upon approval, filming shall not be used to monitor or record an area where there is a reasonable expectation of privacy in accordance with accepted social norms (i.e. aquatic center, fitness center, etc.).

Filming done by UT community members in pursuit of academic purposes is exempt from the policy. However, community members are strongly advised to coordinate with the Office of Public Information or the Office of Campus Safety if their activity may impact in any way the normal operation of the UT campus. If student use a space for filming, the filming must be approved by their advisor and the space is to be officially reserved by their professor and their university department. By policy, student are not permitted to reserve space for individual use.

All commercial shoots will be subject to a filming fee, depending on the complexity of the shoot, and under direction of UT administration (see attached fee schedule)
